Subject: 832321

To whom it may concern,

Thank you for contacting the City of Oakland with your concerns about roadway safety at Broadway and 2nd Street. Your request has been filed with the City's Department of Transportation (OakDOT), and your reference number is 832321.

We regret to inform you that we are not able to process your request at this time. OakDOT receives approximately 800 requests from the public regarding traffic concerns every year, most of which we are unable to investigate given our limited resources. In order to allocate what resources we have, we prioritize requests based on locations where there is a documented history of traffic collisions, locations that fall in disadvantaged neighborhoods, and locations near schools.

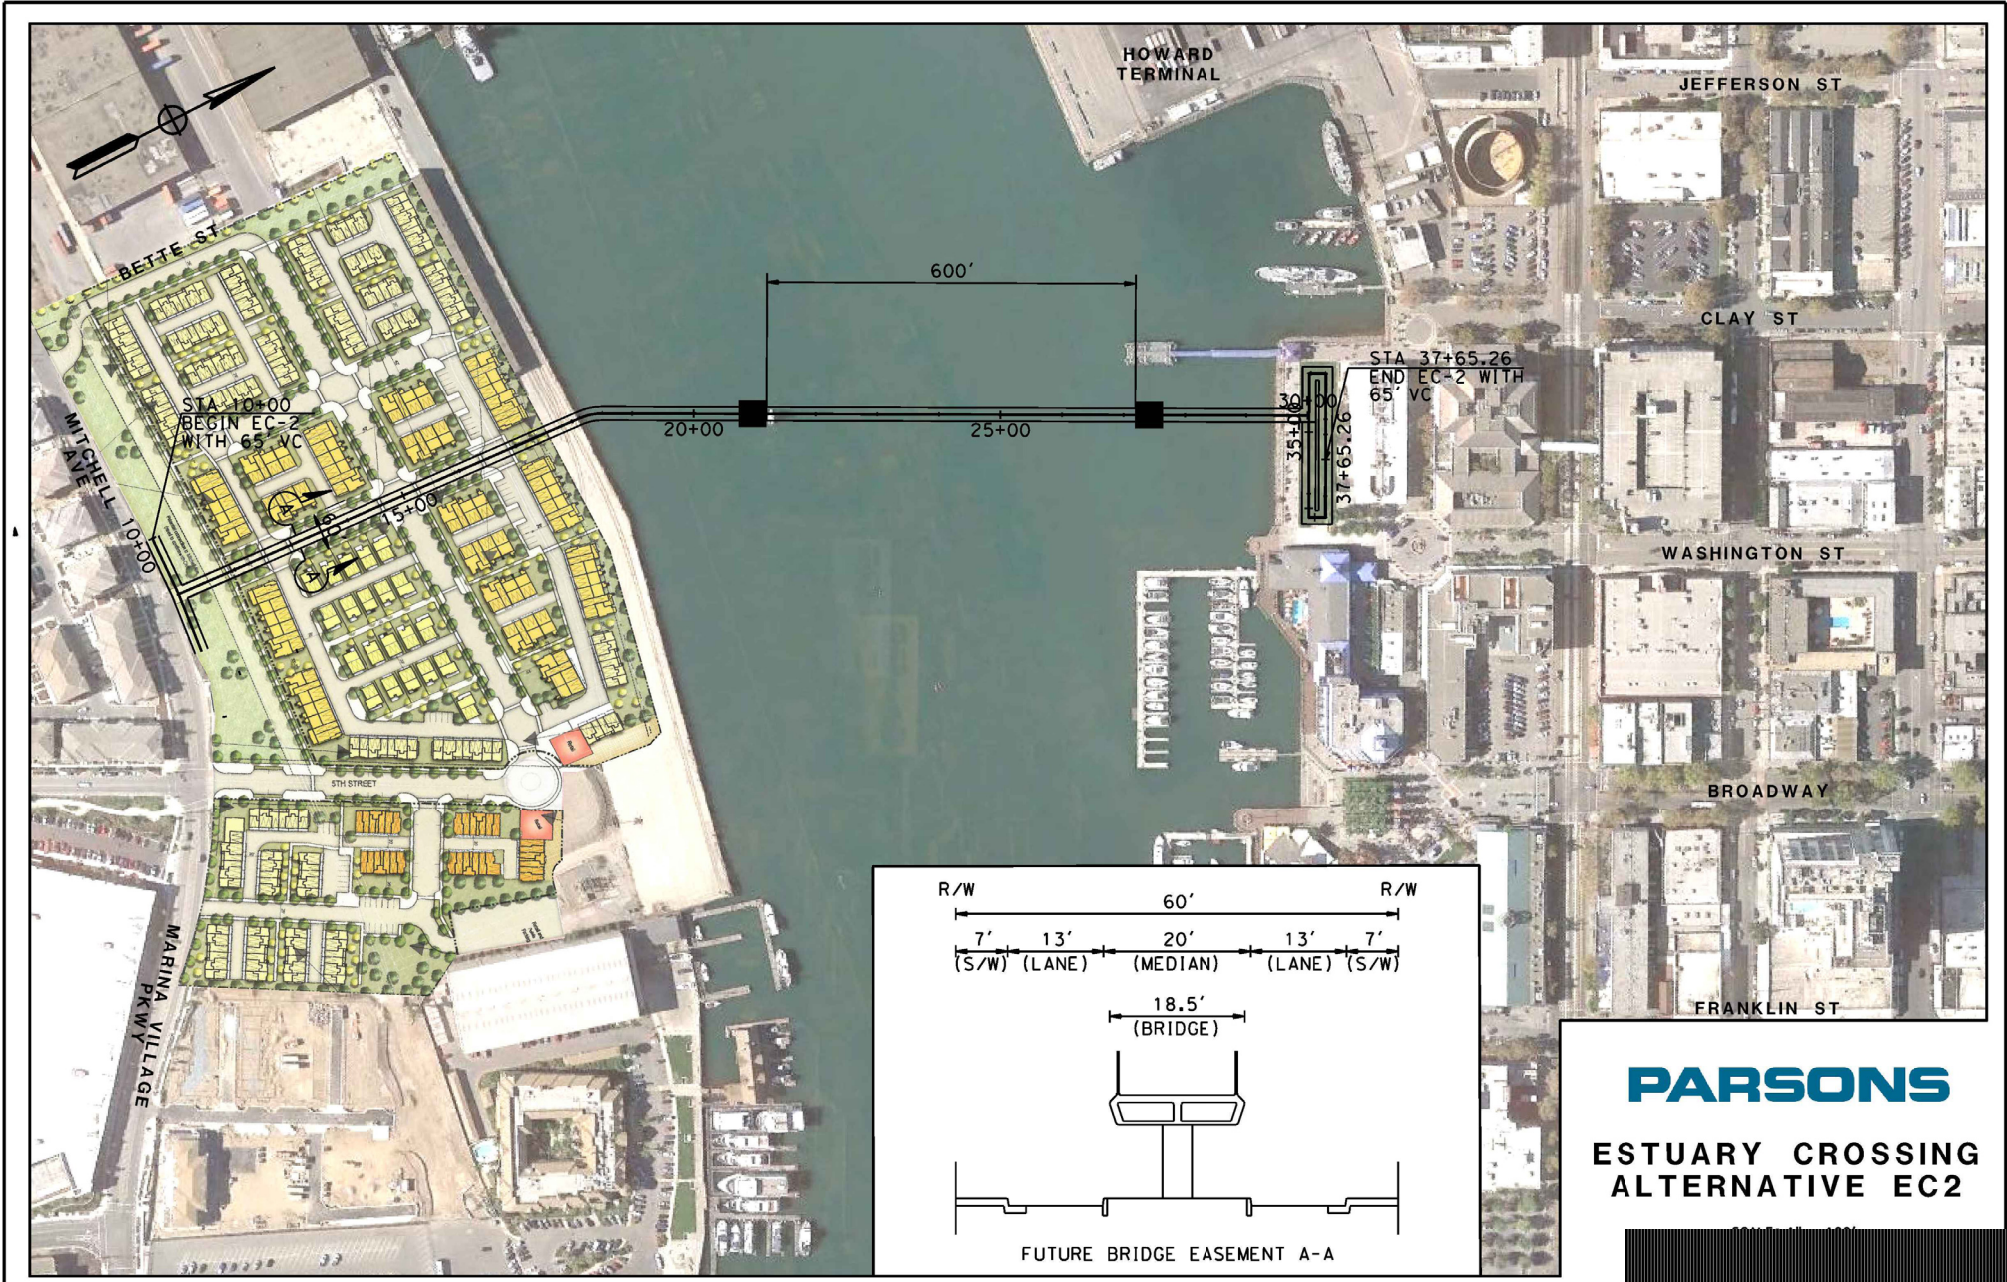

We value all input from our community members, but unfortunately do not have the resources to address all their concerns. Although no action will be taken at this time, we will keep your request on file for future reference. Thank you again for contacting us.

Sincerely,
OakDOT
