- b. Engineer's Report
- c. Petition Process

_			
5	Financial Review	Action Item	5.40
J.	i ilialiciai ileview	ALLIUITILEIII	J.40

- a. Approval of 2023 Operating Budget
- b. Approval of November 2022 Financial Reports

#### 6. Approval of Minutes **Action Item** 5:55

a. November 2022

7. Adjourn 6:00

Next Board Meeting February 13th, 5:00 PM

Executive Update January 2023 - Savlan Hauser, Executive Director
After a busy and festive 2022 holiday season, we are looking forward to a big year in 2023. The organization is in its renewal—and you can check in on progress and how you can participate here. Our work to improve public safety with City support continues. In December, the City of Oakland made a grant to the Jack London Improvement District of \$220,000 to be distributed among several partner organizations in the Oakland BID Alliance. The purpose of the grant is to increase security measures and personnel during the winter season across Oakland's unique and diverse commercial districts throughout the city. The program provides funding for more Ambassador presence, broken window repair fees, and security system upgrades.

#### Other resources and highlights:

- Safety continues to be a priority. The Merchant Community continues to work together Combat Auto Breakins we continue our focused meetings with District private security teams and OPD's Auto Burglary Task Forceplease get in touch if you would like to join these meetings.
- For graffiti or vandalism prevention resources, please get in touch.
- We have been working with the City, property owners, and merchants on **Flex Streets**, allowing merchants space in the public right-of-way. If your business needs help with outdoor seating or curbside use, contact us.
- <u>Bookmark 311</u> or call (510) 615-5566 to report dumping, blight, potholes, etc. Our team will continue to address what we can as quickly as possible—to drive more deployment to our District for support.

#### **Our District In the News**

Was 2022 the year Oakland got serious about making its roads safer? Oaklandside 15 Best Things to do in Jack London Square Oakland – Travel Lens

#### **Upcoming Events**

- Community Town Hall with D2 Council President Bas. January 14th from 10-2:30 RSVP Here.
- Jack London Beat 1X NCPC meets Fourth Tuesdays. Next Meeting 1/25/22 at 6:15PM Via ZOOM Development/ Construction Updates:

#### **Under Construction**

- 412 Madison Groundbreaking 9/9/21. 157 homes, ground floor retail. Developer: Swenson
- Rehabilitation at **322 Broadway** @ 4<sup>th</sup> Continues, Developer: Smart Growth
- "Mirador" 201 Broadway- 48 Homes 4,000sqft retail—Entitled property listed for sale

Trash (lbs) -- January 2022 through December 2022

TRASH

## Cleaning Highlights

#### **Accomplishments**

2022 was a very good year for our ambassadors and we are proud of the work we have accomplished. We successfully cleaned over 60,000 lbs of trash out of the district while also touching through our hospitality over 4000 businesses and people in the Jack London Improvement District. Among other notables are over 1100 biohazard clean ups, over 1787 graffiti removed, over 1000 weeds and powerwashed 118 block faces. We will continue to strive to do our best in the coming year.

#### **Jack London Improvement District - Meeting Minutes of the Board of Directors**

November 14th, 2022 5:00 p.m., Remotely via Zoom

Present: Taj Tashombe, Jen Nettles, Jonathan Fong, Kim Cole, Greg Pasquali, Ener Chiu, Michael Carilli,

Peter Gertler, Keith Stephenson, Dana Bushouse

Absent: Amy Tharpe, Dan Hagerty, Chris Pastena

Staff: Savlan Hauser, Rachel Gregory, Josh Maratea

Guests: John Eric Henry, Sara May, Debra Israel (D2 Liaison), Briana Brown (D3 Liaison), Gary Knecht;

Steve Gibson, Aaron Aulenta, Rena Masten Leddy (Urban Place Consulting)

Discussions held and decisions made by the Board of Directors.

SUBJECT	DISCUSSION	ACTION?
Call to order and introductions	The Board of Directors meeting was called to order at 5:03 p.m.	-
2. Public comment and announcements	Dana Bushouse made a comment on a neighboring restaurant & bar whose liquor license is up for review. The ABC and the City have been notified that the business (Halftime Sports Bar) is operating outside of the law. Select board members have sat down with the business owner and already expressed concern.  Keith Stephenson commented on customers of this business parking on the sidewalk and on the crosswalk near the bar, endangering pedestrians.  Savlan will reach out to the business owner, James, to amend this issue and will document attempts to reach out to resolve the problem.	
3. Executive Update and Governance	<ul> <li>a. Introductions: Rachel Gregory - new JLID Program Manager; Josh Maratea - new JLID Operations Manager</li> <li>b. Upcoming Community Presentation 11/29 5-6PM: 200 Alice St Development with Riaz Captial</li> </ul>	
4. Renewal 2023 Process Update	Jonathan Fong presented on behalf of the Urban Place Consulting Team and Renewal Task Force on the recommended 7 key elements of the Management Plan, including:  1. Boundaries* 2. Benefit Zones* 3. Programs - staffing will increase by 2 FTEs: 1 Clean Team Member and 1 Public Space Manager. Public Space Manager will 4. Budget - increased by 37.4%, which is a lower increase than last presented to the board. Allocation of the budget would also change to increase spending in marketing, economic development, & special projects. 10% of the budget would remain in "contingency & reserve," ensuring that the board of directors have flexibility to allocate a portion of the budget as needed. 5. Assessment Methodology - per-square-foot cost to business owners has been adjusted from the current term	Jen Nettles made a motion to approve all seven items. Peter Gertler seconded the motion. The Board unanimously approved the motion.

- 6. Term of BID\* 7. Annual Assessment Cap\* \*No change from current BID policies Next steps: more than 30% of property owners must approve the board's plan. Once approved, the plan will go in front of the City Counsel and the City will create a ballot to be sent to all of the property owners in the district for the renewal of JLID. The ballot process must be open for 45 days. Over 50% of property owners must approve the district. The city counsel will also hold a public hearing, after which the ballots will be counted. The City will only be able to renew the BID if mor than 50% of property owners approve. This month, several board members are up for reelection, including a. Board the Board's officers unanimousl a. Greg Pasquali, Kim Cole, Keith Stephenson, seeking y approved reelection as board members incumbents b. John Eric Henry up for election (not currently on board) to be c. Officers are up for reelection: Nominees Jen Nettles, reelected to Secretary; Taj Tashombe, President; and Jonathan Fong, the board Treasurer. for two more years.
- 5. Governance: Board Elections and Structure b. Michael Savlan: currently working with consultants and the executive board Carilli to address restructuring the board moved to recommend John Eric Henry to the board. Jonathan Fona c. Michael Carilli moved to reelect the officers. Ener Chiu seconded the motion. The rest of the board unanimousl y approved reelection of the officers. 6. Financial Review Financial Reports – Balance Sheet and Budget vs Actuals Jen Nettles reviewed. moved to a. Treasurer Jonathan presented on the JLID financial approve the
  - statement as of September 30, 2022 financial b. Now approved, the budget will be published for the public statement,

		Michael Carilli seconded the motion, the board approved the motion.
7. Adjourn	The meeting was adjourned at 6:13 PM. Next Board meeting will be held on December 12th virtually via Zoom	-

### **DRAFT** Engineer's Report

Oakland, California January 2023

Prepared by: Kristin Lowell Inc.

Article XIIID of the California State Constitution and the State of California Property and Business Improvement District Law of 1994 and augmented by the City of Oakland Business Improvement Management District Ordinance 12190, Chapter 4.48 of the Oakland Municipal Code, as amended July 21, 2015, to authorize a Community Benefit District

#### **ENGINEER'S STATEMENT**

This Engineer's Report is prepared pursuant to Article XIIID of the California State Constitution and the State of California Property and Business Improvement District Law of 1994, as amended (California Streets and Highways Code § 36600 et seq.), and augmented by Business Improvement Management District Ordinance #12190, Chapter 4.48 City of Oakland Municipal Code.

The Jack London Business Improvement District ("BID") will provide activities either currently not provided or are above and beyond what the City of Oakland provides. These activities will specially benefit each individual assessable parcel in the BID. Every individual assessed parcel within the BID receives special benefit from the activities identified under <u>Section B</u> of this Report. Only those individual assessed parcels within the BID receive the special benefit of these proposed activities.

The duration of the renewed BID is ten (10) years, commencing January 1, 2024 and ending December 31, 2033. An estimated budget for the BID improvements and activities is set forth in Section D. Assessments will be subject to an annual increase of up to 5% per year as determined by the Owners' Association. Assessment increases must stay between 0% and 5% in any given year. Funding for the BID improvements and activities shall be derived from a property-based assessment of each specially benefitted parcel in the BID. A detailed description of the methodology for determining the proportional special benefit each individual assessable parcel receives from the service and the assessment for each parcel is set forth in Section F.

I hereby certify to the best of my professional knowledge that each of the identified assessable parcels located within the BID will receive a special benefit over and above the benefits conferred to those parcels outside of the BID boundary and to the public at large and that the amount of the proposed special assessment is proportional to, and no greater than the special benefits received.

Respectfully submitted,

Terrance E. Lowell, P.E.

Jack London BIDJanuary 2023Engineer's ReportPage 2 of 39

#### **SECTION A: LEGISLATIVE AND JUDICIAL REVIEW**

#### Property and Business Improvement District Law of 1994

The Property and Business Improvement District Law of 1994 (the "State Law") is the legislation that authorizes the City to levy assessments upon real property for the purposes of providing improvements and activities that specially benefit each individual assessed parcel in the BID. The purpose of the BID is to encourage commerce, investment, and business activities. In order to meet these goals BIDs typically fund activities and improvements, such as, enhanced safety and cleaning. Unlike other assessment districts which fund the construction of public capital improvements or maintenance thereof, BIDs provide activities and improvements "to promote the economic revitalization and physical maintenance of the business districts of its cities in order to create jobs, attract new businesses, and prevent the erosion of the business districts." (Streets and Highways Code Section 36601(b)). The improvements and activities funded through the BID are over and above those already provided by the City within the BID's boundaries. Each of the BID activities or improvements is intended to increase building occupancy and lease rates, to encourage new business development, attract businesses that benefit the parcels, and improve the economic vitality of parcels.

Specifically, the State Law defines "Improvements" and "Activities" as follows:

"Improvement" means the acquisition, construction, installation, or maintenance of any tangible property with an estimated useful life of five years..."

"Activities" means, but is not limited to, all of the following:

- (a) Promotion of public events which benefit businesses or real property in the district.
- (b) Furnishing of music in any public place within the district.
- (c) Promotion of tourism within the district.
- (d) Marketing and economic development, including retail retention and recruitment.
- (e) Providing safety, sanitation, graffiti removal, street and sidewalk cleaning, and other municipal services supplemental to those normally provided by the municipality.
  - (f) Activities which benefit businesses and real property located in the district.<sup>2</sup>

The State Law also defines special benefit as "...for purposes of a property-based district, a particular and distinct benefit provided directly to each assessed parcel within the district. Merely because parcels throughout an assessment district share the same special bnefits does not make the benefits general."

As of July 19, 2022, the State Law, Section 36615.5 (b), was amended to further define special benefit as it relates to the improvements and activities these districts provide. Specifically, the amendment states: "Special benefit also includes, for purposes of a property-based district, a particular and distinct benefit provided directly to each assessed parcel within the district. Merely because parcels throughout an assessment district share the same special benefit does not make the benefits general."

<sup>&</sup>lt;sup>1</sup> California Streets and Highways Code, Section 36610.

<sup>&</sup>lt;sup>2</sup> California Streets and Highways Code, Section 36613.

<sup>&</sup>lt;sup>3</sup> California Streets and Highways Code, Section 36615.5(b)

#### Article XIIID of the State Constitution

In 1996, California voters approved Proposition 218, codified in part as Article XIIID of the State Constitution. Among other requirements, Article XIIID changes the way local agencies enact local taxes and levy assessments on real property. It states, in relevant part, that:

- (a) An agency which proposes to levy an assessment shall identify all parcels which will have a special benefit conferred upon them and upon which an assessment will be imposed. The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of a public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided. No assessment shall be imposed on any parcel which exceeds the reasonable cost of the proportional special benefit conferred on that parcel. Only special benefits are assessable, and an agency shall separate the general benefits from the special benefits conferred on a parcel. Parcels within a district that are owned or used by any agency, the State of California or the United States shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit.
- (b) All assessments shall be supported by a detailed engineer's report prepared by a registered professional engineer certified by the State of California.<sup>4</sup>

"Special benefit" means a particular and distinct benefit over and above general benefits conferred on real property located in the district or to the public at large. General enhancement of property value does not constitute "special benefit." <sup>5</sup>

#### Judicial Guidance

Since the enactment of Article XIIID, the courts have rendered opinions regarding various aspects of Article XIIID. The notable portion of a case that applies to BIDs in particular is noted below.

"The engineer's report describes the services to be provided by the BID [i.e. the BID]; (1) security, (2) streetscape maintenance (e.g., street sweeping, gutter cleaning, graffiti removal), and (3) marketing, promotion, and special events. They are all services over and above those already provided by the City within the boundaries of the BID. And they are particular and distinct benefits to be provided only to the properties within the BID, not to the public at large—they 'affect the assessed property in a way that is particular and distinct from [their] effect on other parcels and that real property in general and the public at large do not share." 6

The contents of this Engineer's Report are prepared in compliance with the above noted authorizing State Law, the State Constitution and the judicial opinion.

<sup>&</sup>lt;sup>4</sup> Section 4, Article XIIID of the State Constitution.

<sup>&</sup>lt;sup>5</sup> Section 2 (i), Article XIIID of the State Constitution.

#### SECTION B: IMPROVEMENTS AND ACTIVITIES

The Jack London BID Steering Committee collectively determined the priority for improvements and activities that the BID will deliver. The primary needs as determined by the property owners are Safe and Clean programs specifically, the Jack London BID shall provide the following activities:

#### Clean and Safe

#### Safe Team Program

The Safety Program will provide safety services for the individual parcels located within the District in the form of patrolling bicycle personnel and vehicle patrols. The purpose of the Safe Team Program is to deter and report illegal activities taking place on the streets, sidewalks, storefronts, and parking lots. The presence of the Safe Team Program is intended to deter such illegal activities as vandalism, car break-ins, graffiti, narcotic use or sales, public urination, trespassing, prostitution, illegal panhandling, and illegal dumping. The Program will supplement, not replace, other ongoing police, security and patrol efforts within the District. The Safe Team Program will only provide its services within the District boundaries. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. A District that is perceived as unsafe deters pedestrian and commercial activity.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which make employees and visitors feel safe.

#### **Clean Team Program**

To consistently deal with cleaning issues, a Clean Program will continue to be provided as it has for the last 10 years. The Clean Team will only provide service to properties within District boundaries. A multi-dimensional approach has been developed consisting of the following elements.

Uniformed, radio equipped personnel sweep litter, debris and refuse from sidewalks and gutters of the District. Paper signs and handbills that are taped or glued on property, utility boxes, and poles are removed. District personnel will pressure wash sidewalks when needed. Painters

remove graffiti by painting, using solvent and pressure washing. The District maintains a zero-tolerance graffiti policy. An effort is made to remove all tags within 24 hours on weekdays. Clean sidewalks support an increase in commerce and provides a special benefit to each individually assessed parcel in the district.

The Clean Team will only provide service to assessed parcels within District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. Dirty and unclean sidewalks deter pedestrians and commercial activity.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

#### Marketing and Economic Development

Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 60% of the Marketing and Economic Development budget is allocated to management staff expenses.

To communicate the changes and activities that are taking place in the Jack London Business Improvement District and to enhance the positive perception of the Jack London Business Improvement District parcels, marketing and economic development programs have been created. This is a special benefit because it works to improve the positive perception of the District. Decisions on where to shop, eat, work and live are largely based on a perception of the place. The special benefit to District assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Commercial parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Retail parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and

increased business investment. Industrial parcels benefit from increased exposure and awareness of District programs that provide new business attraction and increased commercial activity. Residential and Mixed-use parcels benefit from District programs that provide an increased awareness of District amenities such as retail options which, in turn, enhances the business climate and improves the business offering and attracts new residents. Office parcels benefit from District programs that work to provide increased exposure and awareness which in turn work to provide an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which increase exposure and awareness of District amenities which in turn work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

The following are the marketing and economic development programs:

- Media and communication programs
- Business attraction and retention
- District stakeholder communications
- · Communication with public bodies
- Events and activations
- Website

#### Administration and Government/Community Relations

Administration and Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 38% of the Administration and Government/Community Relations budget is allocated to management staff expenses.

The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works and advocates on behalf of the District parcels to ensure that City and County services and policies support the District. 62% of Administration & Government/Community Relations are for administration items such as office expenses, professional services, organizational expenses such as insurance, the cost to conduct a yearly financial review, City fees to collect and process the assessments.

A well-managed District provides necessary BID program oversight and guidance that produces higher quality and more efficient programs. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

#### **Contingency and Reserve**

A prudent portion of the budget, maintained in a reserve fund, will cover lower than anticipated collections and unanticipated increases in program costs. A contingency of 10% of the total assessment income for unexpected expenses and/or revenue shortfall is included in this budget

item. Contingencies not used each year will be applied to programs in that current year. Renewal of the District will be funded from this line item.

#### **SECTION C: BENEFITTING PARCELS**

#### **BID Boundary Description**

The proposed District is bounded by 5<sup>th</sup> Street, 6<sup>th</sup> Street and I-880 freeway to the north; the waterfront at the Oakland Inner Harbor to the south; Brush Street, Castro Street and Washington Street to the west; and Fallon Street to the east. Note, that streets in the District are based on a grid that is turned significantly from the north-south axis. To keep the following boundary description simple, it will treat the District as if this were not the case. The Jack London Business Improvement District includes all property within a boundary formed by:

Beginning at the northwest corner of the District boundary at the intersection of 5<sup>th</sup> Street and Brush Street. The western boundary extends south down Brush Street towards the harbor south to its end point which is roughly 75 feet north of Embarcadero West. The boundary continues to the south parallel to Brush Street until it reaches the northwest corner of parcel 18-410-010-00. There are two long rectangular parcels, 18-410-009-00 and 18-410-010-00, consisting primarily of railroad tracks that are to the north of Embarcadero West and run parallel to it between Brush Street and Martin Luther King Jr. Way. The boundary continues east along the northern side of these two parcels. Note, these two parcels are not included in the District. At the northeast corner of parcel 18-410-009-00 (at Martin Luther King Jr. Way and Embarcadero West), the boundary continues to the east on the north side of Embarcadero from Martin Luther King Jr. Way to Washington Street. At the corner of Embarcadero West and Washington Street the boundary turns to the south again, continuing south on Washington Street until its southern end at Water Street. Then it continues south parallel to Washington Street along the western border of parcel 018-415-005-00 all the way to the harbor where the boundary then continues to the east along the harbor.

The southern boundary of the district is the southern edge of the parcels that lie along the waterfront. This boundary begins with parcel 018-0415-022-00 on the west and proceeds to the east ending at the Portobello Condominiums (parcel 018-0424-022-00). In order from west to east, the complete list of parcels forming the southern boundary are 018-0415-005-00, 018-0420-004-02, 018-0425-004-43, 018-0425-002-39, 018-0425-012-00, 018-0425-021-00, and 018-0425-022-00.

The eastern boundary of the district south of Embarcadero West is along a line that is parallel to the western edge of Fallon. The Portobello Condominiums are on the west side of this boundary and the City of Oakland's Aquatic Park (parcel 018-0430-011-04) is on the east side. The precise boundary of the eastern edge of the District at this point is the eastern edge of the following parcels; 018-0425-022-00, 018-0425-015-00, and 018-0425-004-01. North of Embarcadero West, the eastern boundary of the District is Fallon Street between Embarcadero West and the I-880 freeway.

The northern boundary of the District is the I-880 freeway between Fallon Street (near the northwest corner of parcel 018-0435-001-00) and Castro Street, and 5<sup>th</sup> Street from Brush Street to Castro Street. The District includes all parcels under the I-880 freeway from Fallon Street to Castro Street. It includes all the parcels to the south of the I-880 freeway within this

boundary description.

#### **District Expansion**

District boundaries have expanded to include 2 blocks west of Castro Street to Brush Street between 3<sup>rd</sup> and 5<sup>th</sup> Streets not previously in the District. Parcels within this area have similar uses to existing District parcels such as commercial, industrial, residential, mixed use and publicly owned.

#### Benefit Zones

Zone 1 represents all identified assessed parcels within the core commercial and residential area. Zone 1 contains the highest concentration of commercial uses that primarily serve the needs of the immediate neighborhood within the District. Zone 1 also has the highest pedestrian counts and the highest demand for clean and safe services. The need for a higher frequency of services is based upon the high activation of the area with office, residential, flower markets, restaurants, breweries and other entertainment related activities that require daily special benefit services to respond to the needs of each of these identified assessed parcels to mitigate the impact of high volumes of visitors and pedestrians. The west boundary for Zone 1 is Brush and Castro Streets. The north boundary is the I-880 freeway and 5<sup>th</sup> Street. The east boundary is Fallon Street, and the south boundary is Embarcadero West.

Zone 2 represents all identified assessed parcels found in the waterfront area and Jack London Square. Zone 2 identified assessed parcels have programs that provide special benefit to the mostly commercial and waterfront-oriented uses. Services are provided at a lower frequency than those in Zone 1. The west boundary for Zone 2 is Washington Street. The north boundary is Embarcadero West. The east boundary is Fallon Street, and the south boundary is the Waterfront/Inner Harbor.

Zone 3 represents all identified assessed parcels underneath the I-880 freeway from Castro Street to Fallon Street. These parcels are owned by Caltrans, fenced off and inaccessible. Zone 3 has the lowest demand for clean and safe services and lowest level of pedestrian activity.

Condominium Zone represents all residential, live-work, and commercial condominium units identified assessed parcels. Condominium building area is a direct measure of the static utilization of each condominium unit (parcel) and its corresponding impact or draw on District funded activities. The vast majority of condominium parcels and units are newer residential condominiums. The condominium zone parcels will proportionately specially benefit from PBID funded programs and activities and will be assessed at a rate of \$0.34 per square foot of unit area only. This rate applies to all condo identified assessed parcels regardless of their location in a Benefit Zone This assessment rate structure is commensurate with the types of special benefit services and programs provided by the District. Therefore, condominium property owners will pay an assessment rate that is in line with the level of service and represents 100% of the special benefit received.

#### SECTION D: PROPORTIONAL BENEFITS

#### Methodology

Article XIIID Section 4(a) of the State Constitution states that "The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of the public improvement, the maintenance and operation expenses of a public improvement, or the cost of the property related service being provided."

Determining the proportionate special benefit among the parcels of real property within the proposed assessment district which benefit from the proposed improvements, services, and activities is the result of a four-step process:

- 1. Defining the proposed activities,
- 2. Determining which parcels specially benefit from the proposed activities,
- 3. Determining the amount of special benefit each parcel receives,
- 4. Determining the proportional special benefit a parcel receives in relation to the amount of special benefit all other parcels in the BID receive.

Each identified parcel within the Jack London BID will be assessed based upon each parcel's unique characteristics in relationship to all other specially benefitted parcels' characteristics. Due to the proportionate special benefits received by each parcel from the BID services, each parcel will be assessed a rate which is commensurate with the amount of special benefits received.

#### Special Benefit Factors

The methodology to levy assessments upon real property that receives special benefits from the improvements and activities of the Jack London Business Improvement District is Parcel Square Footage, Building Square Footage and Linear Street Frontage. Parcel Square Footage is relevant to the highest and best use of a property and will reflect the long-term value implications of the improvement district. Building Square Footage is relevant to the interim use of a property and is utilized to measure short and mid-term special benefit. Street Front Footage is relevant to the street level usage of a parcel.

Services and improvements provided by the District are designed to provide special benefits to the mix of commercial, retail, industrial, residential, mixed-use, office, non-profit, and publicly owned parcels. The use of each parcel's Parcel Square Footage in Zones 1, 2, 3; Building Square Footage in Zones 1, 2, and Condominium Zone(unit size); and Street Front Footage in Zone 1 is the best measure of benefit for the programs because the intent of the District programs is to improve the safety of each individual parcel, to increase building occupancy and lease rates, to encourage new business development and attract ancillary businesses and services for parcels within the District. In other words, to attract more customers, residents, patrons, tenants, clients and or employees. The best way to determine each parcel's proportionate special benefit from the District programs is to relate each parcel's Parcel Square Footage, Building Square Footage and Street Front Footage.

<u>Parcel Square Footage Defined</u>. Parcel Square Footage is defined as the total amount of area within the borders of the parcel. The borders of a parcel are defined on the County Assessor parcel maps.

<u>Building Square Footage Defined</u>. Building Square Footage is defined as gross building square footage as determined by the outside measurements of a building. Condo unit square footage is defined as building square footage of a unit within a building and defined on the County Assessor parcel maps.

<u>Street Front Footage Defined.</u> Properties are assessed for all street frontages. Properties with more than one street frontage such as corner lots or whole block parcels are assessed for the sum of all the parcels' street frontage. Linear Frontage Footage was obtained from the County Assessor's parcel maps.

#### **SECTION E: COST ESTIMATE**

#### 2024 Operating Budget

The Jack London BID's operating budget takes into consideration:

- 1. The improvements and activities needed to provide special benefits to each individual parcel within the Jack London BID boundary (Section B),
- 2. The parcels that specially benefit from said improvements and activities (Section C), and
- 3. The costs associated with the special and general benefits conferred (Section F).

EXPENDITURES	TOTAL BUDGET	% of Budget
Clean & Safe	\$976,650.00	60.37%
Marketing & Economic Development	\$239,640.00	14.81%
Admin & Govt/Comm Relations	\$242,280.00	14.98%
Contingency & Reserve	\$159,230.00	9.84%
Total Expenditures	\$1,617,800.00	100.00%
REVENUES		
Assessment Revenues	\$1,585,444.00	98.00%
Other Revenues (1)	\$32,356.00	2.00%
Total Revenues	\$1,617,800.00	100.00%

<sup>(1)</sup> Other non-assessment funding to cover the cost associated with general benefit.

#### **Budget Notations**

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. The Board of Directors of the Owner's Association shall have the right to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change will be approved by the Owners' Association Board of Directors and submitted within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel pays for 100% of the special benefit received based on the level of benefit received. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget. The carryover funds will be applied to the same budget line item as the line item that was the source of the carryover funds. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the Annual Report each year. District funds may be used for renewal. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

#### **Bond Issuance**

The District will not issue bonds.

Jack London BID January 2023
Engineer's Report Page 13 of 39

#### SECTION F: SPECIAL and GENERAL BENEFITS

#### Special Benefit Defined

State Law, Proposition 218, and judicial opinions require that assessments be levied according to the estimated special benefit each assessed parcel receives from the activities and improvements. Article XIIID Section 4(a) of the California Constitution in part states that "only special benefits are assessable".

The State Law defines special benefit as "...for purposes of a property-based district, a particular and distinct benefit over and above general benefits conferred on real property located in a district or to the public at large. Special benefit includes incidental or collateral effects that arise from the improvements, maintenance, or activities of property-based districts even if those incidental or collateral effects benefit property or persons not assessed. Special benefit excludes general enhancement of property value."

As of July 19, 2022, the State Law, Section 36615.5 (b), was amended to further define special benefit as it relates to the improvements and activities these districts provide. Specifically, the amendment states: "Special benefit' also includes, for purposes of a property-based district, a particular and distinct benefit provided directly to each assessed parcel within the district. Merely because parcels throughout an assessment district share the same special benefit does not make the benefits general."

Furthermore, the amendment (Section 36622(k)(3)) states: "In a property-based district, properties throughout the district may share the same special benefits. In a district with boundaries that define which parcels are to receive improvements, maintenance, or activities over and above those services provided by the city, the improvements, maintenance or activities themselves may constitute a special benefit. The city may impose assessments that are less than the proportional special benefit conferred, but shall not impose assessments that exceed the reasonable costs of the proportional special benefit conferred. Because one or more parcels pay less than the special benefit conferred does not necessarily mean that other parcels are assessed more than the reasonable cost of their special benefit."

#### Special Benefit Analysis

All special benefits derived from the assessments outlined in this Report are for property-related activities that are specifically intended for and directly benefiting each individual assessed parcel in the BID. The special benefit must affect the individual assessable parcel in a way that is particular and distinct from its effect on other parcels and that real property in general and the public at large do not share. No parcel's assessment shall be greater than the special benefits received.

Streets and Highways Code Section 36601€ states that "Property and business improvement districts formed throughout this state have conferred special benefits upon properties and businesses within their districts and have made those properties and businesses more useful by providing the following benefits: (1) Crime reduction. A study by the Rand Corporation has confirmed a 12-percent reduction in the incidence of robbery and an 8-percent reduction in the

-

<sup>&</sup>lt;sup>7</sup> California Streets and Highways Code, Section 36615.5(a)

Jack London BIDJanuary 2023Engineer's ReportPage 14 of 39

total incidence of violent crimes within the 30 districts studied. (2) Job creation. (3) Business attraction. (4) Business retention. (5) Economic growth. (6) New investments."

The Jack London BID's goal is to fund activities and improvements to provide a cleaner and safer environment as outlined in Section B. The goal of improving the economic vitality is to improve the safety and cleanliness of each individual specially benefitted parcel in an effort to increase commerce, to increase building occupancy and lease rates and to attract more customers, employees, tenants and investors.

Each parcel will specially benefit from:

- · Cleaner sidewalks, streets and common areas
- Real and perceived public safety improvements
- Greater pedestrian traffic
- Enhanced rental incomes
- Improved business climate
- New business and investment
- Well managed BID programs and services

Specifically, each parcel benefits from each of the BID activities as defined below.

#### Safe and Clean

The enhanced safety activities make the area safer which attracts more businesses, customers, and residents, and ultimately private investment. When business location decisions are made, "lower levels of public safety lead to increased uncertainty in decision making and can be perceived as a signal of a socio-institutional environment unfavorable for investment." Uncertainty affects the investment environment in general, but in particular it increases the fear of physical damage to investment assets (or to people) or their returns...Almost universally, places with lower crime rates are perceived as more desirable." Once economic investment occurs within the district, pedestrian traffic and commercial activity will increase. The special benefit to assessed parcels from these services is the likelihood of increased lease rates and tenant occupancy due to the increase of commercial activity and an increase in customers that follow from having a safer environment.

The cleaning activities specially benefit each assessed parcel within the BID by providing a clean and aesthetically appealing environment. This is achieved through sidewalk sweeping and power washing, removing litter and graffiti, trash removal, and tree trimming. These activities create the environment needed to achieve the BID's goals. Sidewalks that are dirty and unclean, particularly from homeless activities, deter pedestrians and commercial activity.

The Safe and Clean activities are expected to provide special benefits to the assessed parcels in a variety of ways. For example:

 Maintaining and cleaning sidewalks in front of each parcel creates a cohesive environment and allows pedestrians to move freely throughout the BID. Sidewalks that are dirty and unkempt deter pedestrians and commercial activity. "Walkable

<sup>8</sup> "Accelerating economic growth and vitality through smarter public safety management" IBM Global Business Services Executive Report, September 2012, pg. 2

communities offer many financial benefits, such as a reduction in healthcare costs. Homes with sidewalks tend to sell for more money and in less time than similar homes without sidewalks. Businesses also benefit as residents are more likely to shop locally when there is increased connectivity between residential and business/commercial districts. The well-maintained sidewalks, accessibility, and inviting atmosphere of downtown helps to attract tourists."9

 Removing graffiti from buildings to keep the aesthetic appeal uniform throughout the BID;

#### **Marketing and Economic Development**

The Marketing and Economic Development activities are tied to and will specially benefit each individual parcel by encouraging business development and investment that generates customer traffic, which directly relates to increases in commercial activity, filling of vacant storefronts and offices and ultimately, increased lease rates for retail and office space.

#### **Special Benefit Conclusion**

The fact that each BID improvement and activity defined above will be provided to each assessed parcel is above and beyond what the city currently provides constitutes a special benefit. In addition, the BID activities are targeted to improve the safety, cleanliness and economic vitality of only those parcels that are within the district boundary. Therefore, we conclude that each of the proposed activities provides special benefits to the assessed parcels within the district and that each parcel's assessment is in direct relationship to and no greater than its proportional special benefits received.

#### General Benefit Defined

As required by the State Constitution Article XIIID Section 4(a), the general benefits of an assessment district must be quantified and separated out so that the cost of the activities that are attributed to general benefit are deducted from the cost assessed against each specially benefitted parcel. General benefits are benefits from the BID activities and improvements that are not special in nature, are not particular and distinct and are not over and above the benefits that other parcels receive.

#### General Benefit Analysis

The BID improvements and activities are designed to provide service only to those parcels that are within the district boundary. As discussed above, these activities are determined to provide solely special benefits to the assessed parcels. If there is any general benefit to property located in the district or to the public at large, it is incidental to providing special benefits to the assessed parcels. However, it is conceivable that there may be some general benefit that is not quantifiable, and it is judicious to allocate a portion of the budget to acknowledge this.

For the purposes of the Jack London BID, we assigned 2%, or \$31,846 of the budget to general benefit. This portion of the budget will need to be funded from sources other than the special assessments.

<sup>&</sup>lt;sup>9</sup> "Benefits of Sidewalks", Iowa Healthiest State Initiative, November 1, 2017

#### SECTION G: APPORTIONMENT METHOD

#### Assessment Methodology

The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of an improvement or the cleaning and operation expenses of an improvement or the cost of the property service being provided. Due to the proportionate special benefits received by these individual parcels from the BID services, these parcels will be assessed a rate which is proportionate to the amount of special benefits received.

As previously discussed above in Section D, the methodology for allocating the cost of the special benefits is allocated to Parcel Square Footage, Building Square Footage, and Linear Street Frontage. The table below indicates the assessable footage for each.

Benefit Factor	Zone 1	Zone 2	Zone 3	Condo Zone
Building Square Footage	3,781,079	1,279,037		1,654,864
Parcel Square Footage	2,949,818	2,467,972	646,702	
Street Front Footage	47,729			

#### **Benefit Zones**

The State Law and State Constitution Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives from the improvements. In order to match assessment rates to benefits, 4 benefit zones have been created within the District. Each zone receives a different level of services and a different level of special benefit. Each zone pays an assessment rate that reflects 100% of the special benefit received.

The levels of appropriate service delivery were determined by analyzing historical data on the amount of clean and safe services delivered to parcels, current service delivery needs and projecting future needs over the term of the District in order to produce a common level of safety and cleanliness for each assessed parcel throughout each zone in the District. Each zone's assessment rate was calculated by determining the expense for the services provided in that area and then spreading the expenses over the total assessable footage for that zone.

**Zone 1** represents all identified assessed parcels within the core commercial and residential area. The need for a higher frequency of services is based upon the high-density business district which includes restaurants, produce markets, breweries, cafes and other entertainment related activities that require daily special benefit services to respond to the needs of each of these identified assessed parcels to mitigate the impact of high volumes of visitors. Therefore, property owners in Zone 1 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

**Zone 2** represents all identified assessed parcels found in the waterfront area and Jack London Square. Zone 2 identified assessed parcels have programs and services at a lower frequency than those in Zone 1. Therefore, property owners in Zone 2 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

**Zone 3** represents all identified assessed parcels underneath the I-880 freeway that are fenced off and inaccessible. Zone 3 has the lowest demand for clean and safe services and lowest level of pedestrian activity. Regular sidewalk operations services shall be allocated to these identified assessed parcels at a frequency less than other Zones. Therefore, property owners in Zone 3 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Condominium Zone represents all residential, live-work, and commercial condominium unit identified assessed parcels. The Condominium zone assessment is a direct measure of the static utilization of each condominium unit (parcel) and its corresponding impact or draw on District funded programs and services. The vast majority of residential, mixed-use and commercial condominium parcels and units are newer residential condominiums. Condominium zone parcels will proportionately specially benefit from BID programs and services, but differently than traditional commercial parcels. The building area assessments for Condominium parcels shall be assessed at \$0.34 per square foot of condominium unit building area. This assessment rate structure is commensurate with the types of special benefit services and programs provided by the District for the special benefit of condominium parcels and complexes. Condominium parcels are assessed differently than multi-unit, for-rent apartment buildings, due to the frequency of special benefit services required by each parcel. The multiunit apartment buildings are commercial properties in which the tenant and landlord have a business relationship. Multi-unit apartment buildings are required to have a business license to operate, and these residential apartment buildings can be bought or sold just as commercial buildings can be bought and sold. In addition, apartment tenants can be evicted by a property owner, something that sets them apart from condo unit parcels. Their stake, and therefore their special benefit, are of a different nature and is very similar to a commercial property owner and a tenant. Therefore, condominium property owners will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

The following chart identifies each program budget that is allocated to each benefit zone.

BID Activity	Zone 1	Zone 2	Zone 3	Condo Zone	Total
Clean & Safe	\$527,487.91	\$92,003.71	\$6,133.58	\$351,024.80	\$976,650.00

#### Calculation of Assessments

Based on the benefit zone, special benefit factors, assessable square footage and the proposed benefit zone budget, all of which are discussed above, the following table illustrates the first year's maximum annual assessment per parcel's assessable square foot.

Benefit Zone and Rate	2024
Zone 1 Rate- Bldg Sq Ft	\$0.09
Zone 1 Rate- Parcel Sq Ft	\$0.12
Zone 1 Rate- Front Ft	\$3.59
Zone 2 Rate- Bldg Sq Ft	\$0.06
Zone 2 Rate- Parcel Sq Ft	\$0.03
Zone 3 Rate- Parcel Sq Ft	\$0.02
Condo Zone Rate- Unit Sq Ft	\$0.34

#### **Assessment Rate Calculation**

For each specially benefitted parcel, the assessment rate is determined by the following calculation respective of each parcel's benefit zone:

The Zone 1 assessment rate is determined by the following calculation:

Zone 1 Assessment Budget = \$856,297.08

Assessment Budget allocated to Building Square Footage @ 40% = \$342,518.83

Assessment Budget allocated to Parcel Square Footage @ 40% = \$342,518.83

Assessment Budget allocated to Street Front Footage @ 20% = \$171,259.42

Zone 1 Building Square Footage Assessment Rate-

Assessment Budget \$342,518.83 / 3,781,079 Building Sq Ft = \$0.09

Zone 1 Parcel Square Footage Assessment Rate-

Assessment Budget \$342,518.83 / 2,949,818 Parcel Sq Ft = \$0.12

Zone 1 Street Front Footage Assessment Rate-

Assessment Budget \$171,259.42 / 47,729 Front Ft = \$3.59

#### Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of building, 5,000 square feet of parcel, and 100 linear feet of street front footage, multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.09 = (\$450.00) + multiple) the Parcel Square Footage (5,000) by the Assessment Rate (\$0.12) = (\$600.00) + multiple the Front Footage (100) by the Assessment Rate (\$3.59) = (\$359.00) = Initial Annual Parcel Assessment

The Zone 2 assessment rate is determined by the following calculation:

Zone 2 Assessment Budget = \$149,354.14

Assessment Budget allocated to Building Square Footage @ 50% = \$74,677.07

Assessment Budget allocated to Parcel Square Footage @ 50% = \$74,677.07

Zone 2 Building Square Footage Assessment Rate-

Assessment Budget \$74,677.07 / 1,279.037 Building Sg Ft = \$0.06

Zone 2 Parcel Square Footage Assessment Rate-

Assessment Budget \$74,677.07 / 2,467,972 Parcel Sq Ft = \$0.03

#### Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of building and 5,000 square feet of parcel multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.06 = (\$300.00) + multiple) the Parcel Square Footage (5,000) by the Assessment Rate (\$0.03) = (\$150.00) = Initial Annual Parcel Assessment

The Zone 3 assessment rate is determined by the following calculation: Zone 3 Assessment Budget = \$9,956.94 Assessment Budget allocated to Parcel Square Footage @ 100% = \$9,956.94

Zone 3 Parcel Square Footage Assessment Rate-Assessment Budget \$9,956.94 / 646,702 Parcel Sq Ft = \$0.02

#### Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of parcel, multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.02) = Initial Annual Parcel Assessment (\$100.00).

Condominium Zone assessment rate is determined by the following calculation: Condo Zone Assessment Budget = \$569,835.83

Assessment Budget allocated to Condo Unit Square Footage @ 100% = 569,835.83

Condominium Zone Building Assessment Rate-Assessment Budget \$569,835.83 / 1,654,864 Condo Unit Sq Ft = \$0.34

#### Sample Parcel Assessment

To calculate the assessment for a parcel with 500 square feet of a Condo Unit, multiply Condo Unit Square Footage (500) by the Assessment Rate (\$0.34) = Initial Annual Parcel Assessment (\$170.00).

#### **Public Property Assessments**

There are 51 publicly owned parcels in the BID, all of which are identified as assessable and for which special benefit services will be provided. Of the 51 identified assessed parcels, 15 are owned by the City of Oakland, 1 by the East Bay Municipal Utility District, 5 by PG&E Co, 4 by County of Alameda, 5 by San Francisco Bay Area Rapid Transit, and 21 by the State of California.

All publicly owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. Article XIIID of the California Constitution was added in November 1996 and provides for these assessments. It specifically states in Section 4(a) that "Parcels within a district that are owned or used by any agency...shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." Below is a list of the publicly owned parcels and their respective assessments.

APN	Zone	OWNER NAME	2024 Asmt	%
001 013300800	1	CITY OF OAKLAND	\$37,911.31	2.39%

### Maximum Annual Assessment Adjustments

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. Assessments maybe subject to annual increases not to exceed the assessment rates in the table below for any given year. Increases will be determined by the District Owner's Association and will vary between 0% and 5% in any given year. Any change will be approved by the Owner's Association Board of Directors and submitted to the City within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code.

# The projections below illustrate a maximum 5% annual increase for all assessment rates. Maximum Assessment Table

Benefit Zone and Rate	2024	2025	2026	2027	2028	2029	2030	2031	2032	2033

### **Budget Adjustment**

Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. District funds may be used for renewal. The estimated budget surplus amount will be included in the annual report each year. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

If an error is discovered on a parcel's assessed parcel square footages or building square footages, the District may investigate and correct the assessed footages after confirming the correction with the Alameda County Assessor Data. The correction will be made in accordance with the assessment methodology and may result in an increase or decrease to the parcel's assessment.

### Future Development

As a result of continued development, the District may experience the addition or subtraction of assessable footage for parcels included and assessed within the District boundaries. The modification for parcel improvements within the District, which changes upwards or downwards the amount of total footage assessed for these parcels will, pursuant to Government Code 53750, be prorated to the date they receive the temporary and/or permanent certificate of occupancy and will be billed directly by the City for the prorated year. Parcels that experience a loss of building square footage need to provide notice of the change to the District by April 1<sup>st</sup> of each year. Any delinquent assessments owed for the modification of assessable footage that was billed directly by the City will be added to the property tax roll for the following year as delinquent.

In future years of the BID term, the assessments for the special benefits bestowed upon the included BID parcels may change in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report, provided the assessment rate does not change. If the assessment formula changes and increases the assessments, then a ballot as defined in Article 13 Section D of the State Constitution will be required for approval of the formula changes.

### Assessment Appeal Procedure

Property owners may appeal assessments that they believe are inaccurate. Appeals must be in writing, stating the grounds for appeal and filed with the Owners Association prior to April 1 of each year. Appeals shall be limited to the current assessment year. Any appeal not filed by April 1 shall not be valid. In any case appeals will only be considered for the current year and will not be considered for prior years.

### SECTION H: ASSESSMENT ROLL

The total assessment amount for FY 2023/2024 is \$1,585,444, apportioned to each individual assessed parcel, as follows.

APN	Zone	OWNER NAME	2024 Asmt	%
001 013300800	1	CITY OF OAKLAND	\$37,911.31	2.39%
001 013500400	1	CITY OF OAKLAND	\$10,491.50	0.66%

### **Management District Plan Summary**

The name of the renewed Property-based Business Improvement District is the "Jack London Business Improvement District" (the "District"). The District is being renewed pursuant to the California Constitution and the Property and Business Improvement District Law of 1994, as amended and augmented by Business Improvement Management District Ordinance #12190, Chapter 4.48 City of Oakland Municipal Code.

Developed by the Jack London Renewal Taskforce and Board, the Jack London Business Improvement District Management Plan conveys special benefits to assessed parcels located within the Jack London Business Improvement District area. The District will provide continued activities in three program areas including: Clean & Safe, Marketing & Economic Development and Administration & Governmental/Community Relations. Each of the programs is designed to meet the goals of the District which are to improve the safety of each individual assessed parcel within the District, to increase building occupancy and lease rates, to encourage new business development; and to attract ancillary businesses and services for assessed parcels within the District.

The boundary of the Jack London Business Improvement District is located south of the Downtown central business district and extends to the waterfront. The Jack London Business Improvement District is bounded roughly by 5<sup>th</sup> Street, 6<sup>th</sup> Street and I-880 freeway to the north; the waterfront at the Oakland Inner Harbor to the south; Castro Street, Brush Street and Washington Street to the west; and Fallon Street to the east. The property uses within the general boundaries of the Jack London Business Improvement District are a mix of commercial, retail, industrial, residential, mixeduse, office, non-profit, and publicly owned parcels. Services and improvements provided by the District are designed to meet the goals of the district by providing special benefits to improve the economic vitality in the District by increasing building occupancy and lease rates, encouraging new business development, attracting wholesale serving businesses and customers, attracting retail tenants and customers, and attracting new residents that provide a special benefit to commercial, retail, industrial, residential, mixed use, office, non-profit and publicly owned parcels. All of which specially benefit from the improvements and activities of the District.

**Boundary:** See Section 2, page 6 and map, page 8.

**Budget:** The total District budget for the 2024 year of operation is approximately \$1,617,800.

### Improvements, Activities, Services:

CLEAN & SAFE \$976,650 60.37%

### **Enhanced Safe Programs:**

A Jack London Business Improvement District Safe Team to deter crime for parcels in the District will consist of some of the following:

- Bicycle, Vehicle Patrol and Foot Patrol
- Homeless Outreach & Intervention Programs
- Coordination with the police department and other government agencies
- Facilitating the development of a safety camera program

 JLID may support and convene meetings of the Jack London District Neighborhood Crime Prevention Council.

### **Enhanced Clean Programs will consist of some of the following:**

- Sidewalk & Curb sweeping
- Sidewalk pressure washing
- Trash and dog waste pickup
- Graffiti & handbill removal
- Litter removal, illegal dumping removal
- Landscaping
- Public Space Management
  - Activation of District spaces
  - Placemaking programs

### MARKETING & ECONOMIC DEVELOPMENT

\$239,640 14.81%

- Media and communication programs
- Business attraction and retention
- District stakeholder communications
- Communication with public bodies
- Events and activations
- Website

### ADMINISTRATION & GOVERNMENT/COMMUNITY RELATIONS \$242,280 14.98%

Administrative staff dedicate a high percentage of their time to working with local government to improve the delivery of government services. Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works (see Section 3, for detail on allocation). The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. A well-managed District provides necessary BID program oversight and guidance that produces higher quality and more efficient programs. The management of the District will provide a unified voice to promote the interest of the district. This section also includes Office expenses and the County and City collection fees.

### **CONTINGENCY & RESERVE**

**\$159,230 9.84%** 

A prudent portion of the budget, maintained in a reserve fund, will cover lower than anticipated collections and unanticipated increases in program costs.

**Method of Financing:** A levy of special assessments upon real property that receives special benefits from the improvements and activities.

Benefit Zones: The State Law and State Constitution Article XIIID require that special assessments be levied according to the special benefit each assessed parcel receives from the improvements. In order to match assessment rates to benefits, 3 benefit zones have been created within the District. Residential and commercial condominiums, the Condominium Zone, are assessed a separate rate which is not dependent on which

geographic zone they are in. Each zone, including the Condominium zone, receives a different level of services and a different level of benefit. Each zone pays an assessment rate that reflects 100% of the special benefit received. See Section 2 for detailed description of the Zones.

Cost:

Annual assessments are based upon an allocation of program costs and a calculation of assessable footage. Three property assessment variables, building square footage (40%), parcel square footage (40%) and front footage (20%) will be used in the calculation for Zone 1. Two property assessment variables, building square footage (50%) and parcel square footage (50%) will be used in the Zone 2 calculation. One variable parcel square footage (100%) will be used in Zone 3 calculation. One property variable, condo unit square footage (100%) will be used in the Condominium zone calculation. The 2024 assessments per assessment variable will not exceed amounts listed in the following chart:

	Assessment Rates
Zone 1 Building Square Footage	\$0.09
Zone 1 Parcel Square Footage	\$0.12
Zone 1 Front Footage	\$3.59
Zone 2 Building Square Footage	\$0.06
Zone 2 Parcel Square Footage	\$0.03
Zone 3 Parcel Square Footage	\$0.02
Condo Zone Unit Square Footage	\$0.34

**Increases:** Annual assessment increases will not exceed 5% per year. Increases will be determined by the Business Improvement District Owners' Association Board of Directors. Assessments will vary between 0% and 5% in any given year. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget, including surpluses from the prior year's budget. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the annual report each year.

**District Formation:** District formation requires submission of favorable petitions from property owners representing more than 30% of total assessments to be paid and the return of mail ballots evidencing a majority of the weighted ballots cast in favor of the assessment. Ballots are weighted by each property owner's assessment as proportionate to the total proposed District assessment amount.

**Duration:** The District will have a 10-year life beginning January 1, 2024 and ending December 31. 2033.

Governance: The Owners' Association will review District budgets and policies annually within the limitations of the Management District Plan. Annual and quarterly reports, financial

5

statements and newsletters will be filed with the City of Oakland (City). The Owners' Association will oversee the day-to-day implementation of services as defined in the Management District Plan.

# Section 2 Jack London Business Improvement District Boundaries

**Summary** – The proposed District is bounded by 5<sup>th</sup> Street, 6<sup>th</sup> Street and I-880 freeway to the north; the waterfront at the Oakland Inner Harbor to the south; Brush Street, Castro Street and Washington Street to the west; and Fallon Street to the east. Note, that streets in the District are based on a grid that is turned significantly from the north-south axis. To keep the following boundary description simple, it will treat the District as if this were not the case. The Jack London Business Improvement District includes all property within a boundary formed by:

Beginning at the northwest corner of the District boundary at the intersection of 5<sup>th</sup> Street and Brush Street. The western boundary extends south down Brush Street towards the harbor south to its end point which is roughly 75 feet north of Embarcadero West. The boundary continues to the south parallel to Brush Street until it reaches the northwest corner of parcel 18-410-010-00. There are two long rectangular parcels, 18-410-009-00 and 18-410-010-00, consisting primarily of railroad tracks that are to the north of Embarcadero West and run parallel to it between Brush Street and Martin Luther King Jr. Way. The boundary continues east along the northern side of these two parcels. Note, these two parcels are not included in the District. At the northeast corner of parcel 18-410-009-00 (at Martin Luther King Jr. Way and Embarcadero West), the boundary continues to the east on the north side of Embarcadero from Martin Luther King Jr. Way to Washington Street. At the corner of Embarcadero West and Washington Street the boundary turns to the south again, continuing south on Washington Street until its southern end at Water Street. Then it continues south parallel to Washington Street along the western border of parcel 018-415-005-00 all the way to the harbor where the boundary then continues to the east along the harbor.

The southern boundary of the district is the southern edge of the parcels that lie along the waterfront. This boundary begins with parcel 018-0415-022-00 on the west and proceeds to the east ending at the Portobello Condominiums (parcel 018-0424-022-00). In order from west to east, the complete list of parcels forming the southern boundary are 018-0415-005-00, 018-0420-004-02, 018-0425-004-43, 018-0425-002-39, 018-0425-012-00, 018-0425-021-00, and 018-0425-022-00.

The eastern boundary of the district south of Embarcadero West is along a line that is parallel to the western edge of Fallon. The Portobello Condominiums are on the west side of this boundary and the City of Oakland's Aquatic Park (parcel 018-0430-011-04) is on the east side. The precise boundary of the eastern edge of the District at this point is the eastern edge of the following parcels; 018-0425-022-00, 018-0425-015-00, and 018-0425-004-01. North of Embarcadero West, the eastern boundary of the District is Fallon Street between Embarcadero West and the I-880 freeway.

The northern boundary of the District is the I-880 freeway between Fallon Street (near the northwest corner of parcel 018-0435-001-00) and Castro Street, and 5<sup>th</sup> Street from Brush Street to Castro Street. The District includes all parcels under the I-880 freeway from Fallon Street to Castro Street. It includes all the parcels to the south of the I-880 freeway within this boundary description.

### **District Expansion**

District boundaries have expanded to include 2 blocks west of Castro Street to Brush Street between 3<sup>rd</sup> and 5<sup>th</sup> Streets not previously in the District. Parcels within this area have similar uses to existing District parcels such as commercial, industrial, residential, mixed use and publicly owned.

#### **Benefit Zones**

Zone 1 represents all identified assessed parcels within the core commercial and residential area. Zone 1 contains the highest concentration of commercial uses that primarily serve the needs of the immediate neighborhood within the District. Zone 1 also has the highest pedestrian counts and the highest demand for clean and safe services. The need for a higher frequency of services is based upon the high activation of the area with office, residential, flower markets, restaurants, breweries and other entertainment related activities that require daily special benefit services to respond to the needs of each of these identified assessed parcels to mitigate the impact of high volumes of visitors and pedestrians. The west boundary for Zone 1 is Brush and Castro Streets. The north boundary is the I-880 freeway and 5th Street. The east boundary is Fallon Street, and the south boundary is Embarcadero West.

Zone 2 represents all identified assessed parcels found in the waterfront area and Jack London Square. Zone 2 identified assessed parcels have programs that provide special benefit to the mostly commercial and waterfront-oriented uses. Services are provided at a lower frequency than those in Zone 1. The west boundary for Zone 2 is Washington Street. The north boundary is Embarcadero West. The east boundary is Fallon Street, and the south boundary is the Waterfront/Inner Harbor.

Zone 3 represents all identified assessed parcels underneath the I-880 freeway from Castro Street to Fallon Street. These parcels are owned by Caltrans, fenced off and inaccessible. Zone 3 has the lowest demand for clean and safe services and lowest level of pedestrian activity.

Condominium Zone represents all residential, live-work, and commercial condominium units identified assessed parcels. Condominium building area is a direct measure of the static utilization of each condominium unit (parcel) and its corresponding impact or draw on District funded activities. The vast majority of condominium parcels and units are newer residential condominiums. The condominium zone parcels will proportionately specially benefit from PBID funded programs and activities and will be assessed at a rate of \$0.34 per square foot of unit area only. This rate applies to all condo identified assessed parcels regardless of their location in a Benefit Zone This assessment rate structure is commensurate with the types of special benefit services and programs provided by the District. Therefore, condominium property owners will pay an assessment rate that is in line with the level of service and represents 100% of the special benefit received.

# Section 3 District Improvement and Activity Plan

### **Process to Establish the Improvement and Activity Plan**

Through a series of property owner meetings, the Jack London Business Improvement District Renewal Taskforce collectively determined the priority for improvements and activities to be delivered by the District. The primary needs as determined by the parcel owners were safety, cleaning, marketing, economic development, government/community relations, administration management. All of the services provided such as the safety work provided by the Safe Team and the cleaning work provided by the Clean Team are services that are over and above the City's baseline of services and are not provided by the City. These services are not provided outside of the District, and because of their unique nature focusing on the particular needs of each assessed parcel within the District provide particular and distinct benefits to each of the assessed parcels within the Each of the services provided by the District are designed to meet the needs of the commercial, retail, industrial, residential, mixed-use, office, non-profit, and publicly owned uses that make up the District and provide special benefit to each of the assessed parcels.

All of the improvements and activities detailed below are provided only to assessed parcels defined as being within the boundaries of the District and provide benefits which are particular and distinct to each of the assessed parcels within the proposed District. No improvements or activities are provided to parcels outside the District boundaries. All assessments outlined in this Management District Plan fund only services directly benefiting each of the assessed parcels paying the assessments in this District. All services will be provided to the assessed parcels, defined as being within the District boundaries and no services will be provided outside the District boundaries, and each of the services: Safe/Clean, Marketing/Economic Development and Administration/Government & Community Relations are unique to the District and to each of the District's assessed parcels. All special benefits provided are particular and distinct to each assessed parcel.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

All benefits derived from the assessments outlined in the Management District Plan are for services directly and specially benefiting the assessed parcels within this area and support increased commerce, business attraction and retention, increased property rental income, increased residential serving businesses such as restaurants and retail and enhanced overall safety and image within the Jack London neighborhood. All services, Safety, Cleaning, Marketing, Economic Development, Administration, Government/Community Relations services are provided solely to assessed parcels within the district to enhance the image and viability of properties and businesses within the Jack London Business Improvement District boundaries and are designed only for the direct special benefit of the assessed parcels in the District. No services will be provided to non-assessed parcels outside the District boundaries. Special benefit means, for purposes of a property-based district, a particular and distinct benefit conferred on real property located in a district over and above any general benefits to the public at large. (For a further definition of special benefits see Engineer's Report page 13 "Special Benefit")

### TOTAL ASSESSMENT

The total improvement and activity plan budget for 2024 is projected at \$1,617,800. Of the total budget, special benefit to parcels within the District totals \$1,585,444 and is funded by property assessments. General benefit from the District budget is calculated to be \$32,356 and is not funded by assessment revenue from District parcels. The costs of providing each of the budget components was developed from actual experience obtained in providing these same services over the last 10 years of operation of the Jack London Business Improvement District. Actual service hours and frequency will vary in order to match District needs over the 10-year life of the District. A detailed operation deployment for 2024 is available from the property owner's association. The budget is made up of the following components.

### **CLEAN AND SAFE PROGRAMS**

\$976,650

Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 7% of the Clean and Safe budget is allocated to management staff expenses.

### Safe Team Program

The Safety Program will provide safety services for the individual parcels located within the District in the form of patrolling bicycle personnel and vehicle patrols. The purpose of the Safe Team Program is to deter and report illegal activities taking place on the streets, sidewalks, storefronts, and parking lots. The presence of the Safe Team Program is intended to deter such illegal activities as vandalism, car break-ins, graffiti, narcotic use or sales, public urination, trespassing, prostitution, illegal panhandling, and illegal dumping. The Program will supplement, not replace, other ongoing police, security and patrol efforts within the District. The Safe Team Program will only provide its services within the District boundaries. The special benefit to parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. A District that is perceived as unsafe deters pedestrian and commercial activity.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business

retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which make employees and visitors feel safe.

### Clean Team Program

To consistently deal with cleaning issues, a Clean Program will continue to be provided as it has for the last 10 years. The Clean Team will only provide service to properties within District boundaries. A multi-dimensional approach has been developed consisting of the following elements.

Uniformed, radio equipped personnel sweep litter, debris and refuse from sidewalks and gutters of the District. Paper signs and handbills that are taped or glued on property, utility boxes, and poles are removed. District personnel will pressure wash sidewalks when needed. Painters remove graffiti by painting, using solvent and pressure washing. The District maintains a zero-tolerance graffiti policy. An effort is made to remove all tags within 24 hours on weekdays. Clean sidewalks support an increase in commerce and provides a special benefit to each individually assessed parcel in the district.

The Clean Team will only provide service to assessed parcels within District boundaries. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and customer usage. Dirty and unclean sidewalks deter pedestrians and commercial activity.

Commercial parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Retail parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales and an enhanced business climate. Industrial parcels benefit from District programs that work to provide an enhanced sense of safety and cleanliness which make employees feel safe. Residential parcels benefit from District programs that provide an enhanced sense of safety, cleanliness and a positive user

experience which in turn improves the business climate and business offering and attracts and retains residents. Mixed use parcels benefit from District programs that work to provide greater pedestrian traffic, increased sales, and an enhanced business climate and make employees and visitors feel safe. Office parcels benefit from District programs that work to provide greater pedestrian traffic, an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

### MARKETING & ECONOMIC DEVELOPMENT

\$239,640

Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 60% of the Marketing and Economic Development budget is allocated to management staff expenses.

To communicate the changes and activities that are taking place in the Jack London Business Improvement District and to enhance the positive perception of the Jack London Business Improvement District parcels, marketing and economic development programs have been created. This is a special benefit because it works to improve the positive perception of the District. Decisions on where to shop, eat, work and live are largely based on a perception of the place. The special benefit to District assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

This all works to increase occupancy and enhance the business climate, new business attraction, business retention and business investment. Commercial parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Retail parcels benefit from increased exposure and awareness of District programs that work to provide greater pedestrian traffic, increased sales, an enhanced business climate, new business attraction, business retention, and increased business investment. Industrial parcels benefit from increased exposure and awareness of District programs that provide new business attraction and increased commercial activity. Residential and Mixed-use parcels benefit from District programs that provide an increased awareness of District amenities such as retail options which, in turn, enhances the business climate and improves the business offering and attracts new residents. Office parcels benefit from District programs that work to provide increased exposure and awareness which in turn work to provide an enhanced business climate, new business and tenant attraction, business/tenant retention, and increased business investment. Non-profit parcels benefit from District programs that provide a better environment which increases the likelihood of attracting and maintaining employees at the service providers. Publicly owned parcels benefit from District programs which increase exposure and awareness of District amenities which in turn work to provide greater pedestrian traffic and increased use which makes employees and visitors feel safe.

The following are the marketing and economic development programs:

- · Media and communication programs
- Business attraction and retention
- District stakeholder communications
- Communication with public bodies
- Events and activations
- Website

### ADMINISTRATION & GOVERNMENT/COMMUNITY RELATIONS \$242,280

Administration and Management staff expenses are allocated according to generally accepted accounting job costing procedures and are allocated to the specific areas in which staff works. 38% of the Administration and Government/Community Relations budget is allocated to management staff expenses.

The improvements and activities are managed by a professional staff that requires centralized administrative support. Management staff oversees the District's services which are delivered seven days a week. Management staff actively works and advocates on behalf of the District parcels to ensure that City and County services and policies support the District. 62% of Administration & Government/Community Relations are for administration items such as office expenses, professional services, organizational expenses such as insurance, the cost to conduct a yearly financial review, City fees to collect and process the assessments.

A well-managed District provides necessary BID program oversight and guidance that produces higher quality and more efficient programs. The special benefit to assessed parcels from these services is increased commercial activity which directly relates to increases in lease rates and enhanced commerce.

### **CONTINGENCY & RESERVE**

\$159,230

A prudent portion of the budget, maintained in a reserve fund, will cover lower than anticipated collections and unanticipated increases in program costs. A contingency of 10% of the total assessment income for unexpected expenses and/or revenue shortfall is included in this budget item. Contingencies not used each year will be applied to programs in that current year. Renewal of the District will be funded from this line item.

### **TEN-YEAR OPERATING BUDGET**

A projected ten-year operating budget for the Jack London Business Improvement District is provided below. The projections are based upon the following assumptions.

Assessments will be subject to annual increases not to exceed 5% per year. Increases will be determined by the Board of Directors of the District Owner's Association. Assessments will vary between 0% and 5% in any given year. The projections below illustrate a maximum 5% annual increase for all budget items.

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. The Board of Directors of the Owner's Association shall have the right

to reallocate up to 10% by line item of the budget allocation within the budgeted categories. Any change will be approved by the Owners' Association Board of Directors and submitted within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code. The overall budget shall remain consistent with this Management District Plan. Each assessed parcel pays for 100% of the special benefit received based on the level of benefit received. Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget. The carryover funds will be applied to the same budget line item as the line item that was the source of the carryover funds. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. The estimated budget surplus amount will be included in the Annual Report each year. District funds may be used for renewal. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

Total Budget*	\$2,064,768.31	\$2,168,006.73	\$2,276,407.06	\$2,390,227.42	\$2,509,738.79
Other Revenues**	\$41,295.37	\$43,360.13	\$45,528.14	\$47,804.55	\$50,194.78
Assessable Budget	\$2,023,472.95	\$2,124,646.59	\$2,230,878.92	\$2,342,422.87	\$2,459,544.01

<sup>\*</sup>Assumes 5% yearly increase on all budget items. Note: Any accrued interest or delinquent payments will be expended in the above categories.

<sup>\*\*</sup> Other non-assessment funding to cover the cost associated with general benefit.

### Section 4 Assessment Methodology

In order to ascertain the correct assessment methodology to equitably apply special benefits to each assessed parcel for property related services as proposed to be provided by the Jack London Business Improvement District, benefit will be measured by parcel size in Zones 1, 2, and 3; square feet of building size in Zones 1, 2, and Condominium Zone (unit size); and front footage in Zone 1. Special circumstances, such as a parcel's location within the District area and need and/or frequency for services, are carefully reviewed relative to the specific and distinct type of programs and improvements to be provided by the District in order to determine the appropriate levels of assessment. Special benefit means, for purposes of a property-based district, a particular and distinct benefit conferred on real property located in a district over and above any general benefits to the public at large. For a definition of special benefits see the Engineer's Report page 13.

The methodology to levy assessments upon real property that receives special benefits from the improvements and activities of the Jack London Business Improvement District is Parcel Square Footage, Building Square Footage and Street Front Footage as the three assessment variables. Parcel Square Footage is relevant to the highest and best use of a property and will reflect the longterm value implications of the improvement district. Building Square Footage is relevant to the interim use of a property and is utilized to measure short and mid-term special benefit. Street Front Footage is relevant to the street level usage of a parcel.

Services and improvements provided by the District are designed to provide special benefits to the mix of commercial, retail, industrial, residential, mixed-use, office, non-profit, and publicly owned parcels. The use of each parcel's Parcel Square Footage in Zones 1, 2, 3; Building Square Footage in Zones 1, 2, and Condominium Zone(Condo Unit Sq Ft); and Street Front Footage in Zone 1 is the best measure of benefit for the programs because the intent of the District programs is to improve the safety of each individual parcel, to increase building occupancy and lease rates, to encourage new business development and attract ancillary businesses and services for parcels within the District. In other words, to attract more customers, residents, patrons, tenants, clients and or employees. The best way to determine each parcel's proportionate special benefit from the District programs is to relate each parcel's Parcel Square Footage, Building Square Footage and Street Front Footage to every other parcel's Parcel Square Footage, Building Square Footage and Street Front Footage.

Parcel Square Footage Defined. Parcel Square Footage is defined as the total amount of area within the borders of the parcel. The borders of a parcel are defined on the County Assessor parcel maps.

Building Square Footage Defined. Building Square Footage is defined as gross building square footage as determined by the outside measurements of a building. Condo unit square footage is defined as building square footage of a unit within a building and defined on the County Assessor parcel maps.

Street Front Footage Defined. Properties are assessed for all street frontages. Properties with more than one street frontage such as corner lots or whole block parcels are assessed for the sum of all the parcels' street frontage. Linear Frontage Footage was obtained from the County Assessor's parcel maps.

### **Calculation of Assessments**

The proportionate special benefit derived by each identified parcel shall be determined in relationship to the entirety of the capital cost of an improvement or the cleaning and operation expenses of an improvement or the cost of the property service being provided. Due to the proportionate special benefits received by these individual parcels from the District services, these parcels will be assessed a rate which is proportionate to the amount of special benefits received. Only special benefits are assessable, and these benefits must be separated from any general benefits. The Engineer's report has calculated that 2% of the programs provided by the District provide general benefit. Assessment revenue cannot be used to pay for general benefits. (See page 13 of the Engineer's Report for discussion of general and special benefits) The preceding methodology is applied to a database that has been constructed by the District Owners' Association and its consultant team. The process for compiling the property database includes the following steps:

- Property data was first obtained from the County of Alameda Assessor's Office.
- A list of properties to be included within the District is provided in Section 7.

### **Assessable Footage**

rice country is country to				
	Zone 1	Zone 2	Zone 3	Condo Zone
Building Square Footage	3,781,079	1,279,037		1,654,864
Parcel Square Footage	2,949,818	2,467,972	646,702	
Street Front Footage	47,729			

#### **Benefit Zones**

The State Law and State Constitution Article XIIID require that special assessments be levied according to the special benefit each individual parcel receives from the improvements. In order to match assessment rates to benefits, 4 benefit zones have been created within the District. Each zone receives a different level of services and a different level of special benefit. Each zone pays an assessment rate that reflects 100% of the special benefit received.

The levels of appropriate service delivery were determined by analyzing historical data on the amount of clean and safe services delivered to parcels, current service delivery needs and projecting future needs over the term of the District in order to produce a common level of safety and cleanliness for each assessed parcel throughout each zone in the District. Each zone's assessment rate was calculated by determining the expense for the services provided in that area and then spreading the expenses over the total assessable footage for that zone.

Zone 1 represents all identified assessed parcels within the core commercial and residential area. The need for a higher frequency of services is based upon the high-density business district which includes restaurants, produce markets, breweries, cafes and other entertainment related activities that require daily special benefit services to respond to the needs of each of these identified assessed parcels to mitigate the impact of high volumes of visitors. Therefore, property owners in Zone 1 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Zone 2 represents all identified assessed parcels found in the waterfront area and Jack London Square. Zone 2 identified assessed parcels have programs and services at a lower frequency than those in Zone 1. Therefore, property owners in Zone 2 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

Zone 3 represents all identified assessed parcels underneath the I-880 freeway that are fenced off and inaccessible. Zone 3 has the lowest demand for clean and safe services and lowest level of pedestrian activity. Regular sidewalk operations services shall be allocated to these identified assessed parcels at a frequency less than other Zones. Therefore, property owners in Zone 3 will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

The Condominium zone represents all residential, live-work, and commercial condominium unit identified assessed parcels. The Condominium zone assessment is a direct measure of the static utilization of each condominium unit (parcel) and its corresponding impact or draw on District funded programs and services. The vast majority of residential, mixed-use and commercial condominium parcels and units are newer residential condominiums. Condominium zone parcels will proportionately specially benefit from BID programs and services, but differently than traditional commercial parcels. The building area assessments for Condominium parcels shall be assessed at \$0.34 per square foot of condominium unit building area. This assessment rate structure is commensurate with the types of special benefit services and programs provided by the District for the special benefit of condominium parcels and complexes. Condominium parcels are assessed differently than multi-unit, for-rent apartment buildings, due to the frequency of special benefit services required by each parcel. The multi-unit apartment buildings are commercial properties in which the tenant and landlord have a business relationship. Multi-unit apartment buildings are required to have a business license to operate, and these residential apartment buildings can be bought or sold just as commercial buildings can be bought and sold. In addition, apartment tenants can be evicted by a property owner, something that sets them apart from condo unit parcels. Their stake, and therefore their special benefit, are of a different nature and is very similar to a commercial property owner and a tenant. Therefore, condominium property owners will pay a different assessment rate that is in line with the level of service and represents 100% of the special benefit received.

The following chart identifies each program budget that is allocated to each zone.

	Zone 1	Zone 2	Zone 3	Condo Zone	Total
Clean & Safe	\$527,487.91	\$92,003.71	\$6,133.58	\$351,024.80	\$976,650.00
Marketing & Economic Dev	\$129,429.38	\$22,574.89	\$1,504.99	\$86,130.74	\$239,640.00
Admin/Govt & Comm	\$130,855.24	\$22,823.59	\$1,521.57	\$87,079.60	\$242,280.00
relations					
Contingency & Reserve	\$86,000.00	\$15,000.00	\$1,000.00	\$57,230.00	\$159,230.00
	\$873,772.53	\$152,402.19	\$10,160.15	\$581,465.13	\$1,617,800.00
Total Budget					
	\$856,297.08	\$149,354.14	\$9,956.94	\$569,835.83	
Assessable Budget					\$1,585,444.00

Total Revenue	\$873,772.53	\$152,402.19	\$10,160.15	\$581,465.13	\$1,617,800.00
Other Revenue					
	\$17,475.45	\$3,048.04	\$203.20	\$11,629.30	\$32,356.00

### **Assessments**

Based on the special benefit factors and assessment methodology discussed in the Engineer's Report on page 17, Parcel Square Footage, Building Square Footage, Street Front Footage and the proposed budget, the following illustrates the first year's maximum annual assessment. Assessment rates are rounded off to the second decimal place and a parcel's assessment may vary slightly when calculated using the assessment rates below.

### **Assessment Rate Calculation**

**The Zone 1** assessment rate is determined by the following calculation:

Zone 1 Assessment Budget = \$856,297.08

Assessment Budget allocated to Building Square Footage @ 40% = \$342,518.83

Assessment Budget allocated to Parcel Square Footage @ 40% = \$342,518.83

Assessment Budget allocated to Street Front Footage @ 20% = \$171,259.42

Zone 1 Building Square Footage Assessment Rate-Assessment Budget \$342,518.83 / 3,781,079 Building Sq Ft = \$0.09 Zone 1 Parcel Square Footage Assessment Rate-Assessment Budget \$342,518.83 / 2,949,818 Parcel Sq Ft = \$0.12 Zone 1 Street Front Footage Assessment Rate-Assessment Budget \$171,259.42 / 47,729 Front Ft = \$3.59

### Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of building, 5,000 square feet of parcel, and 100 linear feet of street front footage, multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.09 = (\$450.00) + multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.12) = (\$600.00) + multiple the Front Footage (100) by the Assessment Rate (\$3.59) = (\$359.00) = Initial Annual Parcel Assessment <math>(\$1,409.00).

**The Zone 2** assessment rate is determined by the following calculation:

Zone 2 Assessment Budget = \$149,354.14

Assessment Budget allocated to Building Square Footage @ 50% = \$74,677.07

Assessment Budget allocated to Parcel Square Footage @ 50% = \$74,677.07

Zone 2 Building Square Footage Assessment Rate-

Assessment Budget \$74,677.07 / 1,279,037 Building Sq Ft = \$0.06

Zone 2 Parcel Square Footage Assessment Rate-

Assessment Budget \$74,677.07 / 2,467,972 Parcel Sq Ft = \$0.03

### Sample Parcel Assessment

18

To calculate the assessment for a parcel with 5,000 square feet of building and 5,000 square feet of

1.3.23

parcel multiply the Building Square Footage (5,000) by the Assessment Rate (\$0.06 = (\$300.00) + multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.03) = (\$150.00) = Initial Annual Parcel Assessment (\$450.00).

**The Zone 3** assessment rate is determined by the following calculation:

Zone 3 Assessment Budget = \$9,956.94

Assessment Budget allocated to Parcel Square Footage @ 100% = \$9,956.94

Zone 3 Parcel Square Footage Assessment Rate-

Assessment Budget \$9,956.94 / 646,702 Parcel Sq Ft = \$0.02

### Sample Parcel Assessment

To calculate the assessment for a parcel with 5,000 square feet of parcel, multiple the Parcel Square Footage (5,000) by the Assessment Rate (\$0.02) = Initial Annual Parcel Assessment (\$100.00).

### **Condominium Zone** assessment rate is determined by the following calculation:

Condo Zone Assessment Budget = \$569,835.83

Assessment Budget allocated to Condo Unit Square Footage @ 100% = 569,835.83

Condominium Zone Building Assessment Rate-

Assessment Budget \$569,835.83 / 1,654,864 Condo Unit Sq Ft = \$0.34

### Sample Parcel Assessment

To calculate the assessment for a parcel with 500 square feet of a Condo Unit, multiply Condo Unit Square Footage (500) by the Assessment Rate (\$0.34) = Initial Annual Parcel Assessment (\$170.00).

### **Maximum Annual Assessment Adjustments**

The cost of providing programs and services may vary depending on the market cost for those programs and services. Expenditures may require adjustment up or down to continue the intended level of programs and services. Assessments may be subject to annual increases not to exceed the assessment rates in the table below for any given year. Increases will be determined by the Board of Directors of the District Owner's Association. Assessments will vary between 0% and 5% in any given year. The maximum increase for any given year cannot exceed 5% in that year. Any change will be approved by the Owner's Association Board of Directors and submitted to the City within its annual planning report, pursuant to Section 36650 of the California Streets and Highways Code.

The projections below illustrate a maximum 5% annual increase for all assessment rates.

### Maximum Assessment Table

	2024	2025	2026	2027	2028	2029	2030	2031	2032	2033
Zone 1 Rate- Bldg Sq Ft	\$0.09	\$0.09	\$0.10	\$0.10	\$0.11	\$0.11	\$0.12	\$0.13	\$0.13	\$0.14
Zone 1 Rate- Parcel Sq Ft	\$0.12	\$0.13	\$0.13	\$0.14	\$0.15	\$0.15	\$0.16	\$0.17	\$0.18	\$0.19
Zone 1 Rate- Front Ft	\$3.59	\$3.77	\$3.96	\$4.16	\$4.36	\$4.58	\$4.81	\$5.05	\$5.30	\$5.57
Zone 2 Rate- Bldg Sq Ft	\$0.06	\$0.06	\$0.07	\$0.07	\$0.07	\$0.08	\$0.08	\$0.08	\$0.09	\$0.09
Zone 2 Rate- Parcel Sq Ft	\$0.03	\$0.03	\$0.03	\$0.03	\$0.04	\$0.04	\$0.04	\$0.04	\$0.04	\$0.05

Zone 3 Rate- Parcel Sq Ft	\$0.02	\$0.02	\$0.02	\$0.02	\$0.02	\$0.03	\$0.03	\$0.03	\$0.03	\$0.03
Condo Zone Rate- Unit Sq Ft	\$0.34	\$0.36	\$0.37	\$0.39	\$0.41	\$0.43	\$0.46	\$0.48	\$0.50	\$0.53

### **Budget Adjustments**

Any annual budget surplus, including those created through cost saving measures, labor vacancies, unexpected reductions in expenses caused by one-time events or unanticipated increases to income, will be rolled into the following year's budget. The budget will be set accordingly, within the constraints of the Management District Plan, to adjust for surpluses that are carried forward to ensure that the District is spending these funds in a timely manner and is complying with applicable State laws and City policies. District funds may be used for renewal. The estimated budget surplus amount will be included in the annual report each year. Funds from an expired District shall be rolled over into the new District if one is established or returned to the property owners if one is not established, in accordance with Streets and Highways Code section 36671.

If an error is discovered on a parcel's assessed parcel square footages or building square footages, the District may investigate and correct the assessed footages after confirming the correction with the Alameda County Assessor Data. The correction will be made in accordance with the assessment methodology and may result in an increase or decrease to the parcel's assessment.

### **Future Development**

As a result of continued development, the District may experience the addition or subtraction of assessable footage for parcels included and assessed within the District boundaries. The modification for parcel improvements within the District, which changes upwards or downwards the amount of total footage assessed for these parcels will, pursuant to Government Code 53750, be prorated to the date they receive the temporary and/or permanent certificate of occupancy and will be billed directly by the City for the prorated year. Parcels that experience a loss of building square footage need to provide notice of the change to the District by April 1<sup>st</sup> of each year. Any delinquent assessments owed for the modification of assessable footage that was billed directly by the City will be added to the property tax roll for the following year as delinquent.

In future years of the BID term, the assessments for the special benefits bestowed upon the included BID parcels may change in accordance with the assessment methodology formula listed in the Management District Plan and Engineer's Report, provided the assessment rate does not change. If the assessment formula changes and increases the assessments, then a ballot as defined in Article 13 Section D of the State Constitution will be required for approval of the formula changes.

### **Assessment Appeal Procedure**

Property owners may appeal assessments that they believe are inaccurate. Appeals must be in writing, stating the grounds for appeal and filed with the Owners Association prior to April 1 of each year. Appeals shall be limited to the current assessment year. Any appeal not filed by April 1 shall not be valid. In any case, appeals will only be considered for the current year and will not be considered for prior years.

### **Time and Manner for Collecting Assessments**

As provided by State Law, the District assessment will appear as a separate line item on annual County of Alameda property tax bills. The City of Oakland may direct bill the first year's assessment for all property owners and may direct bill any property owners whose special assessment does not appear on the tax rolls for each year of the BID term.

The assessments shall be collected at the same time and in the same manner as for the ad valorem property tax paid to the Alameda. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax.

However, assessments may be billed directly by the City of Oakland for the first fiscal year of operation or for changes to assessments that occur during an assessment year and are prorated for a part of the year, and then by the County for all subsequent years. Any delinquent assessments owed for the first year will be added to the property tax roll for the following year as delinquent. These assessments shall provide for the same lien priority and penalties for delinquent payment as is provided for the ad valorem property tax. The property owner means any person shown as the owner/taxpayer on the last equalized assessment roll or otherwise known to be the owner/taxpayer by the County. The City of Oakland is authorized to collect any assessments not placed on the County tax rolls, or to place assessments, unpaid delinquent assessments, or penalties on the County tax rolls as appropriate to implement this Management District Plan.

### Disestablishment

California State Law Section 36670 provides for the disestablishment of a District. Upon the termination of this District, any remaining revenues shall be transferred to the renewed District, if one is established, pursuant to Streets and Highways Code Section 36660 (b). Unexpended funds will be returned to property owners based upon each parcel's percentage contribution to the total year 2024 assessments if the District is not renewed.

### **Bond Issuance**

The District will not issue Bonds.

### **Public Property Assessments**

There are 51 publicly owned parcels in the District, all of which are identified as assessable and for which special benefit services will be provided. Of the 51 identified assessed parcels, 15 are owned by the City of Oakland, 1 by the East Bay Municipal Utility District, 5 by PG&E Co, 4 by County of Alameda, 5 by San Francisco Bay Area Rapid Transit and 21 by the State of California.

All publicly owned parcels will pay their proportional share of costs based on the special benefits conferred to those individual parcels. See Engineer's Report page 19 for publicly owned parcels special benefit designation. Article XIIID of the California Constitution was added in November 1996 and provides for these assessments. It specifically states in Section 4(a) that "Parcels within a district that are owned or used by any agency...shall not be exempt from assessment unless the agency can demonstrate by clear and convincing evidence that those publicly owned parcels in fact receive no special benefit." Below is a list of the publicly owned parcels and their respective assessments.

APN	Zone	OWNER NAME	2024 Asmt	%
001 013300800	1	CITY OF OAKLAND	\$37,911.31	2.39%

# Section 5 District Rules and Regulations

Pursuant to the Property and Business Improvement law of 1994, as amended, a business improvement district may establish rules and regulations that uniquely apply to the District. The District has adopted the following rules:

### • Competitive Procurement Process

The Owner's Association shall develop a policy for competitive bidding when purchasing substantial amounts of services, products and/or equipment. The policy will aim to maximize service, quality, efficiency and cost effectiveness.

### Treatment of Residential Housing

In accordance with Section 36632 (c) of the California Streets and Highways Code, properties zoned solely for residential or agricultural use are conclusively presumed not to receive special benefit from the improvements and service funded through the assessments of the District and are not subject to any assessment pursuant to Section 36632 (c). Therefore, properties zoned solely for residential or agricultural use within the boundaries of the District, if any, will not be assessed.

### Renewal

District funds may be used for renewing the District. District rollover funds may be spent on renewal.

# Section 6 Implementation Timetable

The Jack London Improvement District is expected to be renewed and begin implementation of the Management District Plan on January 1, 2024. The Jack London Business Improvement District will have a ten-year life through December 31, 2033.
